Welcome Message from the Ministry of Plantation and Commodities

It is my great pleasure to welcome you to the 3rd edition of **Food & Drinks Malaysia by SIAL 2025**.

Since its inception, this exhibition has grown into a vibrant platform for innovation and international collaboration, bringing together over 450 exhibitors and thousands of trade visitors from around the world. This year's edition introduces exciting new highlights including The Chocolate Show, proudly supported by the Malaysian Cocoa Board, and the SIAL Innovation Awards, which reflect the dynamism of Malaysia's food and commodities sectors.

Malaysia's cocoa industry continues to show strong momentum, contributing RM15 billion in 2024, with cocoa-based products accounting for 12.7 percent of export earnings. I thank the 20 cocoa-related exhibitors participating this year, representing grinders, chocolatiers, bean-to-bar producers and equipment suppliers.

Likewise, our palm oil industry remains a pillar of strength. In the first half of 2025, exports reached RM52.8 billion, underscoring global confidence in our quality and sustainability standards.

As global markets evolve, we must continue to embrace opportunities through strategic partnerships and platforms such as this. I encourage all participants to connect, share ideas and collaborate towards building a more resilient and competitive future for the food and beverage sector.

Thank you and I wish you a successful and rewarding experience at Food & Drinks Malaysia by SIAL 2025.

YB DATUK CHAN FOONG HIN

*Deputy Minister of Plantation
and Commodities*

Welcome Message from The Organiser

Selamat datang, and a warm welcome to all our exhibitors, delegates, and visitors from near and far.

As the organiser of Food & Drinks Malaysia by SIAL, I am proud to welcome you to this exciting new edition at the Malaysia International Trade and Exhibition Centre (MITEC), Kuala Lumpur. This year, we are thrilled to see the show growing in both strength and stature, reflecting the resilience, ambition, and innovation of the F&B industry in Malaysia and across the region.

Malaysia continues to be a strategic hub for ASEAN trade, with its strong foundation in agri-food commodities, halal certification ecosystem, and its dynamic consumer market. These strengths position the country as an ideal launchpad for businesses looking to grow across Southeast Asia and beyond.

Our mission at Comexposium has always been to connect people, businesses, and ideas across borders. Through the SIAL Network, which spans Europe, Asia, and the Middle East, we offer Malaysian brands a global stage to shine while also bringing international players closer to this vibrant marketplace.

This year's show brings together an exciting mix of local and international exhibitors, as well as new country pavilions and partners such as the Korean Pavilion, the Canadian Pavilion, and the Polish Pavilion.

In addition, we are proud to introduce a new co-located feature event: The Chocolate Show, a dedicated space celebrating the art, innovation, and business of chocolate. This initiative is made possible with the strong support of the Malaysian Cocoa Board, whose expertise and commitment have been instrumental in bringing this showcase to life.

Beyond the exhibition floor, visitors can look forward to engaging highlights such as the 3rd Global Culinary Challenge Malaysia, insightful industry forums, and the anticipated debut of the SIAL Innovation Awards, all designed to spark new ideas, foster partnerships, and celebrate excellence in food innovation.

None of this would be possible without the support of our valued partners, especially the Malaysia Convention & Exhibition Bureau (MyCEB) and MATRADE. Thank you for your commitment in helping us grow Food & Drinks Malaysia into a world-class business platform. To all our guests, thank you for being part of this journey. I hope you leave this event not only with fruitful connections and inspiration, but also with a renewed passion for shaping the future of food.

MR HENRI TAN

*Exhibition Director, South East Asia
Comexposium*

Dear participants,

Today, Malaysia is recognized as a strategic hub for halal food and drink worldwide. Thanks to its renowned expertise and standards, the country is playing an increasingly central role in the halal market in both regional and international trade. Halal is no longer a niche market; it is a real driver of innovation and growth for the entire sector.

The year 2025 marks a new stage in the evolution of the Food & Drinks Malaysia by SIAL trade show, with 18,000 visitors and 450 exhibitors.

This internationalization has led to two new developments: the first edition of Salon du Chocolat and the launch of the SIAL Innovation Competition. These new features once again demonstrate the trade show's role in the food industry.

Visit Hall 4 to meet more than 21 exhibitors from the chocolate sector and Hall 2 to discover this year's greatest innovations.

Food & Drinks Malaysia by SIAL fully embodies the mission we carry throughout our network: to feed the world in the best possible way. This means encouraging more responsible, innovative and accessible food. By promoting local expertise, connecting international players and opening up a space for dialogue on issues of quality, sustainability and food safety, FDM is part of a deeply forward-looking approach. Here, every product, every encounter and every innovation contribute to build more open food systems.

On behalf of SIAL Network, I wish you an excellent time at Food & Drinks Malaysia 2025!

MR NICOLAS TRENTESAUX

LOCATED IN HALL 2, HALL 3

Moutai

Where cloud-crowned Guizhou guards her golden veins,
At the seven-and-twenty latitude's embrace,
A thousand years' arcane craft sustains,
By Vermilion Stream's celestial bath it's graced.
Time-honed cellars breathe ambrosial tides,
Sunlit amber in jade vessels hides,
Awaiting destined souls beyond the skies—
To unveil cosmos where the elixir resides.

Company Profile : Kru Janes Boat Noodles has a unique identity in its unique boat noodle soup. It has a delicious, well-rounded taste and a perfect aroma of herbs and spices. Kru Janes Boat Noodles has received good feedback from customers from various areas. The deliciousness is guaranteed by the trust of customers for over 11 years, which has allowed us to continuously expand our branches. Currently, we have 5 branches in the South and 1 branch in the Central region. The product, Juicy Boat Noodles, is a semi-finished boat noodle product with additional pieces of meat in the bag. It is a product development of the semi-finished boat noodle product. The bag contains dried noodles, boat noodle sauce, and chilli powder. It has been sold in both offline and online channels for 1 year. From a survey of consumer feedback, it was found that most consumers want instant boat noodles with meat to enhance the taste of instant boat noodles to make them more delicious. For this reason, entrepreneurs want to put meat in the product. The meat can last for 1 year, and when eaten, the meat can return to its original form like fresh meat.
